

CannonBall:HNP Quick-Track™ Door Track System

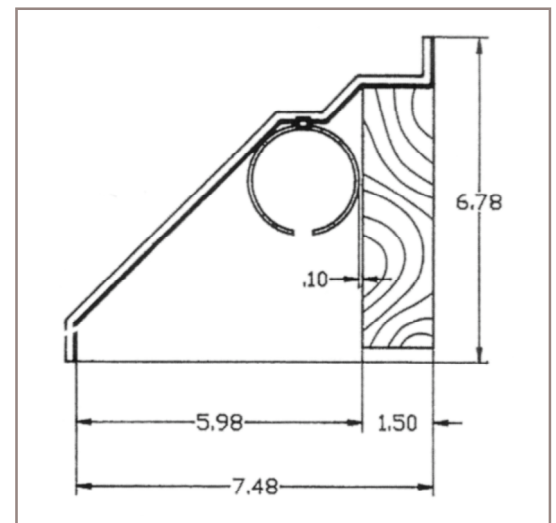

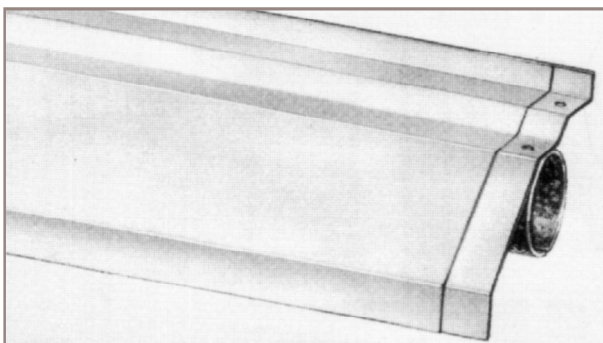

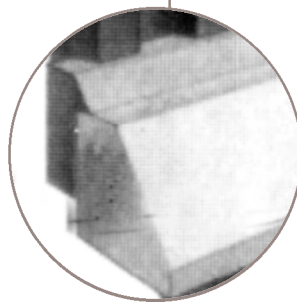

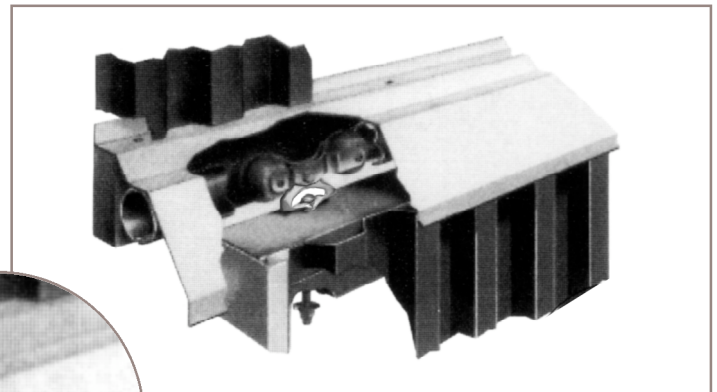

Combines all the features of CannonBall:HNP Track/Trolley Systems with the benefits of one-piece installation.

Fast, easy assembly provides beauty and long-lasting weather resistance. Cover is 18 gauge white baked enamel.

Use with wood or metal door frames in any agricultural or commercial building construction.

Quick-Track™ System featuring:

- Top-mounted 14 gauge galvanized track with heavy 18 gauge white cover designed to give weather protection for doors up to 5" in thickness.
- An interlocking cover to fit snug and smooth.
- All CannonBall round track trolley systems can be used.
- End cap and trim complete a professional, trouble-free installation.
- Quick-Track™ available in 8-20 ft. lengths.
